

Cead Mile Failte! Or *One Hundred Thousand Welcomes!*

The 5th year of any event is exciting and full of opportunity and you could have a part in sponsoring a great event and get exposure for your organization and business from over 2,000 attendees. In partnering with the Flathead Celtic Festival, you and your business can bring a cultural event to the Flathead Valley that is popular and one-of-a-kind in the Valley. Festivals of this type have been hugely successful in our local region as well as the larger region and could be even more so due to our close proximity to our 'Neighbors to the North', Canada, and the number of tourists who visit our Valley annually. We will be hosting a wide array of events that are sure to excite crowds, illicit audience participation, and create a wonderful community atmosphere.

The Festival will be held on September 13th and 14th, 2019 at Herron Park. It will include a Scottish heavy games competition which consists of the caber toss, sheaf toss, hammer throw, Braemar stone throw, and more. This region has a large number of amateur and professional athletes that travel the area for these events and novices from the local community are always welcome to try out their prowess at these old games and compete with a wonderful community of athletes. We have also added a kids division where kids from 10-18 years old are welcome to give it a try or even compete!

Other events at the Flathead Celtic Festival will include bag piping and a massed band at the noontime ceremonies on Saturday, a music stage with both local and regional performers, dance exhibitions, workshops, clan tents for genealogical exploration, tents that delve into the Celtic History, other entertainment, as well as retail, food, and commercial vendor booths.

Along with this letter, included is some information about the sponsorship levels available. We encourage you to investigate becoming a partner in this event as we work together to do something different for the people who call this Valley their home. Through this partnership we can build a relationship between your business, this event, and the community.

Thank you for your sponsorship consideration. The Flathead Celtic Festival strives to host an event that offers a unique, entertaining, and family-friendly event to the community, and it would not be possible without its wonderful and generous sponsors. We look forward to visiting with you soon to discuss sponsorship opportunities.

Sincerely,

Rob Eberhardy, Director
